

## East Allington Primary School parent questionnaire: November 2016

Parents were offered the chance to complete a questionnaire based on 15 positive statements about the school, as well as giving their feedback comments relating to what they felt the school is doing well and what could perhaps be better.

42 questionnaires were completed meaning each response represents just over 2.3%.

Thank you so much for your feedback. It will feed into our School self-evaluation and School Improvement planning. Overall the responses are overwhelmingly positive and supportive as indicated below.
